Cucumbers are The Harvest of the Month!

Add cucumbers to your favorite family meals:

- Add cucumbers to pasta salad for a cool crunch.
- Pair with tomatoes and feta cheese for a simple salad.
- Use cucumber slices instead of crackers for dips and spreads.

Make meals and memories together. It's a lesson kids will use for life.

Select – Choose firm cucumbers with dark green color.

Store – Refrigerate in a plastic bag for up to 1 week.

Prepare – Rinse with cool running water and slice. Keep the skin on for extra nutrients!

Did you know?

Have you heard the phrase “cool as a cucumber”? The inside of a cucumber is 20 degrees cooler than outside temperatures during the summer. You can cool off with cucumber!

HURLEY SCHOOL GARDEN—FUN WITH FOODWISE

Summer programming has started in the Hurley School Garden! To jump start the season, our FoodWise team and Hurley 4th graders planted potatoes, radishes, and onions. The apple orchard is also growing nicely from last year's planting.
