

4-H Cloverbud Record Book (Practice for Grades K-2)

The goal of 4-H is to facilitate the growth of life skills in youth. Reflection is a tool that helps youth strengthen their learning for their future. The 4-H Record Book is a summary of what a 4-H youth has done for the 4-H year, and how they feel about the year overall. Being involved is a great way to get the most from a 4-H experience, and to widen their world through different opportunities (see lists below and find more online at ashland.uwex.edu). Remember to keep track of what you did in 4-H for the next record book, too!

Club Opportunities

- Club meetings
- Club projects and activities
- Community Service

County-wide Opportunities

- Cloverbud Day Camps
- Fall Achievement Gala
- Spring Art Gala

For 4-H youth ages 5-8, Record Books are an optional activity to practice. This Cloverbud Record Book can be used as a guide for the youth, and they may complete it to the degree that feels best for their current age and individual style.
